

25th June 2020

Dear Parent/Carer

We would like to take the opportunity to thank you for your continued support with your child's online learning. We are constantly reviewing the provision we are providing for your son/daughter to try and ensure we are giving them the best possible resources and support at this time.

To further build on this, you will have noticed that some live lessons have been incorporated into their learning, whether that be in the form of live interaction on Google Classroom or via live stream lessons on Zoom. We also continue to use Century Tech for English, Maths and Science and are hoping to include other subjects as this becomes more developed.

As you may be aware, were we in school at this time, students would be preparing for their end of year exams/assessments. In order to support your child's learning and identify any gaps in knowledge and misconceptions, we will be asking that students still complete assessments but these will be done via our online learning platforms. Whilst identifying any gaps in knowledge it will also enable staff to review the curriculum and learning journeys accordingly, to address these gaps and remedy any misconceptions ready for September.

Please see the timetable overleaf of the exam dates and times commencing Thursday 2nd July to Friday 10th July. Students will have no more than two assessments a day with one in the morning and one in the afternoon. We would appreciate that wherever possible the timetable is adhered to in order to ensure support can be given where appropriate.

Your child's teacher will be spending the next few lessons on Google classroom working with and preparing them for these assessments, recapping key topics, explaining how the assessments will be set out etc and so it is very important that your son/daughter engages in these lessons (some of which may be live) to give them the best possible support prior to assessment week.

Thank you for your continued support and cooperation.

Yours sincerely

L. Hanson

Headteacher
