Headteacher  
Mr Darren Moroney

November 2025

Dear Students, Parents & Carers,

Please find the Year 11 Mock Examination Revision booklet attached to this email which contains all the essential information for all subjects to help you prepare thoroughly for the mock examinations in January 2026. Paper copies of this resource can also be collected from the Year Team office should they be required.

The mock examinations begin on Monday 12<sup>th</sup> January 2026 and finish on Friday 23<sup>rd</sup> January 2026.

We have created this booklet to support all students, parents and carers so that every student has the best possible chance of success with their GCSEs. Please read the advice carefully in this booklet and use the sheets provided to plan ahead so that you can be thoroughly prepared for your examinations. It is really important that you treat these examinations as you would the real ones, ensuring that you thoroughly prepare.

If you need any support or guidance with planning your revision, please see your subject teachers, form tutor or year team.

Yours sincerely,

Mrs E Batzios  
(Assistant Headteacher)
